Photoluminescent Area Marking

Brady offers a wide range of photoluminescent products. These indicate danger zones, even in complete darkness. In case of an emergency, these products will help your employees to find their way out of a dark room. For more information on photoluminescent safety signs, see the Safety Signs section in this catalogue.

BRADY
PHOTOLUM PRODUCTS

BradyGlo™ 10+ hour material exceeds these standards:

- IMO Resolution A . 752
- DIN 67 510

Glow-In-The-Dark Arrow Tapes

- BradyGlo™ arrow B-324 tapes exceed standard specifications.
- Designed for safe Low Location Lighting egress pathway marking during power outages and emergency situations.
- Two sizes available: 50 mm and 75 mm.
- Two directional graphic styles available: V and Arrow.

Material: Surface printed polyester (B-324)
Standard package: 1 roll (4.5 m).

Use BradyGlo™ tapes for visible marking at night or low light conditions.

V-Style

Order Ref.	Width
090971	50 mm

AREA MARKING

Glow-In-The-Dark Warning Tapes

- Self adhesive photoluminescent warning tape.

Material: Self adhesive polyester
Standard Package: 1 roll (9 m)

Order Ref.	Width
224071	25 mm
224072	50 mm

Light Clip Arrows

The Lite Clip is a glow-in-the-dark safety way guidance system that fixes onto tube lighting armatures. The translucent Lite Clips almost go unnoticed in normal conditions. However when the lights are off, for example during a power cut or when visibility is poor due to the smoke from a fire, the Lite Clip glows to indicate the shortest way to an emergency exit.

Standard Package: 10 arrows
Size: 180 x 120 mm

Order Ref.	Description
224199	Photoluminescent Arrow

Perfect for: public buildings, offices, factories, warehouses, underground train stations, universities, parking areas, cruise ships, ferries...

Glow-In-The-Dark Footprints

Anti-Skid Products

Roll-Mounted Anti-Skid Tape

Anti-Skid tape helps to prevent slipping and falling on wet or slippery floors. The rugged polyester tape is adhesive backed and coated with thousands of particles of durable aluminium oxide grit.

- Bonds permanently to clean, dry floors.
- Works indoors or outdoors.
- Withstands grease and oil.
- Eliminates masking clean-up and drying time.

Tape Dispensers

Durable yellow tape dispenser, features replaceable cutting blade (blades available on request). This dispenser can be used with any of the Brady barricade tapes and holds rolls up to 500 m long with a maximum width of 100 mm. Its design protects your tapes from dust and dirt.

Weight: 650 g

Size: 107 x 220 x 300 mm

Packaging: 1

Order Ref.
225000

This Tape dispenser holds 305 m long rolls of tape with a 75 mm width. It dispenses the tape quickly, safely and efficiently. Its features are:

- Lightweight, indestructible polypropylene construction.
- Advances the tape as required using your thumb.
- The steel safety cutting blade cuts fast and clean.
- The device can also be used with tapes of 50 mm.

Order Ref.
072412

Barricade Tape

Super strong Barricade Tape

Long-lasting hazard protection, even with long distances between tie points. Reinforced Barricade Tape is stronger than ordinary barricade tape, making long stretches between tie points easy. No stretch or sag in sunlight or wind and it's tough enough to be used again.

Width: 75 mm
Length: 100 m
Standard Package: 1 Roll

Flagger Tape

Tug each end of the strong barrier tape to allow strips to detach and hang down giving a greater visual warning than with conventional barrier tape.

Size: 75 mm x 0.04 mm x 250 m
Colour: Red/White
Packaging: 1

Order Ref. 225004

Underground Warning Tape

Underground tape is buried 30 to 45 cm below ground level. Digging crews receive warning of buried lines and cables, allowing a margin of safety between the tape and the buried line.

- Easily Seen
- Easily Identified - by means of colour coding
- Convenient - Handy dispensing reel.
- Strong - Heavy duty polyethylene material resists acid, alkalis and other soil substances. Tape is 0.1 mm thick, with a tough tensile strength of 1750 psi.
- Long Lasting - Coated graphics provide long lasting legibility and hold colour values.
- Economical - Compared to the potential cost of line damage, this tape is cost-effective for use over the entire length of the line.

Order Ref.	Utility Class	Size (W x L)	Colour
256862	Electric cable below	150 mm x 365 m	Yellow
256865	Water pipe below	150 mm x 365 m	Blue
256864	Telephone cable below	150 mm x 365 m	Green

The markings of transport routes must be both flexible and durable, as they are constantly adapted to the changing demands and needs within your factory or warehouse. BRADY floor marking products are an economical solutions for marking the routes and and potentially hazardous areas inside your factory quickly and easily. Brady area marking tapes stand up to the toughest conditions.

Locked in colours • Permanent adhesive • Easy application • Bold patterns • Flexible tape

Warning Tapes

- Self-adhesive warning film for marking pillars, pylons, the edges of walls, gate arches and lifts.
- Extremely durable (0.138 mm thick).
- Waterproof, oil, alkali and acid resistant.
- 3 colours.
- Three widths.

Bradylink® Warning Post & Chain

Barricade potentially hazardous areas indoors or outdoors with portable plastic posts and chains. Their lightweight yet tough construction stands up to years of use in temporary or permanent applications.

The components of the posts and chains are made of polyethylene with the following features:

- **Non-conductive:** Can be safely used in electrically hazardous areas.
- **Built-in Ultraviolet Inhibitors:** Screen out the sun's rays to prevent colours from fading during outdoor use.
- **Light Weight:** chain is lighter than similar metal parts – chain weights 2.7 kg per 25 meters
- **Non-Rusting:** Unlike metal posts and chain Bradylink, plastic parts cannot rust.
- **Fillable Base:** Hollow base can be filled with water or sand for more stable application.
- **C-Hook:** Large C-Hook holds chain in place. Use open, or closed for greater security.

Post Diameter: 75 mm

Base Dimensions: 40 cm diameter

Height: 1.04 m.

Warning Posts & Chains

Warning Posts

Ideal for controlling and directing foot traffic. Suitable for warehouses, factories, offices, etc.

Chains and ribbons can be attached to the sturdy 90 cm high posts. The posts are available in one-colour or two-colour versions (stripes of 10 cm wide).

- **Material:** polyethylene
- **Non-conductive:** the posts can be used for barricading electrically hazardous installations
- **Built-in ultraviolet inhibitors:** block out ultraviolet rays to prevent colours from fading
- **Colours:** they stay bright and eye-catching, even after years of use
- **Sizes:** height: 90 cm, outside diameter: 6 cm

Polyurethane Safety Bumpers

Clearly visible, made from polyurethane foam rubber, flexible and sturdy material, optimal shock-absorber.

- 4 colours: black; yellow on black; photoluminescent on black; and photoluminescent on red (last colour only with type A)
- 3 models available + 2 corner connecting pieces
- The photoluminescent strips are coated with a film that protects against physical and chemical actions. In the dark, these products give off the light they have absorbed during the day.
- Non-toxic and non-radioactive
- Length: 1m.
- Secured with adhesive.

Packaging: 1
